

## **AGE-WELL 2018 Strategic Investment Program Accelerator Funding**

### **Sponsor**

AGEWELL NCE Inc.

### **Program**

Strategic Investment Program (SIP) Accelerator Funding

### **Description**

AGE-WELL's SIP Accelerator funding program supports innovative post-discovery projects focused on the commercialization and/or knowledge mobilization of solutions (e.g. technologies, services or policies) aligned with [AGE-WELL's mission and vision](#) [1].

The program provides:

- financial support;
- training opportunities; and
- strategic mentorship.

AGE-WELL is dedicated to the creation of technologies and services that benefit older adults and caregivers. The aim is to help older Canadians maintain their independence, health and quality of life through technologies and services that increase their safety and security, support their independent living, and enhance their social participation.

### **Eligibility**

The competition is open to researchers based at Canadian institutions working in the field of technology and aging.

Investigators will be expected to include partner organizations in their projects, including as part of any knowledge dissemination or commercialization planning. Such organizations should be described in the application. For reporting purposes, all partnership activities and contributions (cash and in-kind) should be quantified in the application. The quality and level of support will be explicitly rated and those with stronger contributions will be given priority. Cash contributions committed through letters of support will be requested from partners by either AGE-WELL or the

project lead's home institution.

## Maximum Project Value

\$40,000 - The program will also provide strategic mentorship and training opportunities from the AGE-WELL network and its partners in addition to financial support.

## Indirect Costs

0%

## Project Duration

12 months

## Deadlines

**If College-level review is required, your College will communicate its earlier internal deadlines.**
