Special Notes

Please Note:

- CIHR will consider the principles of equity, diversity and inclusion, as well as seek a balance across career stages and research pillars, when selecting participants.
- Participants will be required to be available for both the Consensus Workshops (September 10 -11) *and* the Health Research Summit (December 13).
- We know that September is a busy time of year for our research community, e.g., classes will have started, some researchers will be busy completing their Project Grant

applications, etc. Please indicate in your application if attendance at the events would conflict with other CIHR deadlines.

- CIHR will cover the travel and related expenses for participants.
