Sponsor

The Association of Commonwealth Universities (ACU) - Gender Programme

Description

The ACU Gender Programme offers grants to help member universities to meet the costs of organizing workshops promoting gender equity in higher education. The grants will be awarded annually on a competitive basis.

Suitable workshop topics include (but are not limited to): gender mainstreaming in universities, addressing sexual and gender based harassment and violence on campus, gender considerations in research, women in leadership, and women in science and research.

Workshops can be part of a wider institutional effort to promote gender equity, for example through the establishment of a sexual harassment response mechanism, the introduction of institutional gender policies and practices, or mainstreaming gender into the academic curriculum, etc.

While developing their workshop proposal, applicants are encouraged to use the training resources created by the ACU, or to ask the ACU for advice and support with programme development if needed.

Eligibility

You can apply if you are currently employed by or are organizing the workshop for one of the [ACU member institutions](#) [1]
