
CFI invites feedback on the draft call for proposals: Major Science Initiatives Fund 2023

Sponsor

Canada Foundation for Innovation

Program

Major Science Initiatives (MSI)

Description

The Major Science Initiatives Fund provides support for the ongoing operating and maintenance needs of research facilities of national importance and ensures that they use appropriate management and governance policies and practices. The next competition for this fund is the 2023 competition that launches on July 12, 2021.

See the [draft call for proposals](#) [1] on CFI's program website. Email MSI-ISM@innovation.ca [2] with your feedback on the draft call for proposals for the 2023 competition.
