## **CIHR Project Grant and Priority Announcement (Specific Research Areas) Spring 2019**

Updated Information

### **IMPORTANT UPDATE - Peer Review Committee Mandates**

A number of peer review committee mandates have been updated for the Project Grant: Spring 2019 competition. Please [read the mandates carefully](#) [1] before you suggest the best committee(s) to review your application.

## **Sponsor**

Canadian Institutes of Health Research

## **For More Information**

[CIHR Project Grant : Spring 2019](#) [2]

## **Description**

The [Project Grant program](#) [3] is designed to capture ideas with the greatest potential for important advances in fundamental or applied health-related knowledge, health care, health systems, and/or health outcomes by supporting projects with a specific purpose and a defined endpoint. The best ideas may stem from new, incremental, innovative, and/or high-risk lines of inquiry or knowledge translation approaches.

The Project Grant program is expected to:

- Support a diverse portfolio of health-related research and knowledge translation projects at any stage, from discovery to application, including commercialization;
- Promote relevant collaborations across disciplines, professions, and sectors;
- Contribute to the creation and use of health-related knowledge.

### **Funding Opportunities in Specific Research Areas**

- Funding is augmented by CIHR Institute Priority Announcements (PAs) that award grants in specific research areas relevant to the Institutes' mandates. PAs offer additional sources of funding for highly ranked and competitive applications that were not funded through the Project Grant competition budget. Streamlined applications (see

the Review Process and Evaluation section below) are not eligible for funding through PAs since they were assessed as being non-competitive.

- In order for an application to be considered for funding through a PA, applicants must select a relevant PA from the drop-down menu in their ResearchNet application form. Selection of PA is not available in the registration form.
- Project Grants: Spring 2019 Priority Announcement (Specific Research Areas) - to be announced

## Eligibility

1. The Nominated Principal Applicant must be an [independent researcher](#) [4] or a [knowledge user](#) [5].
2. The Nominated Principal Applicant must have an academic or research appointment at an eligible institution if he/she is an independent researcher (See [Institutional Eligibility Requirements](#) [6] for eligibility process and associated timelines).
3. If the Nominated Principal Applicant is a [knowledge user](#) [5], there must be at least one Principal Applicant who is an [independent researcher](#) [4].
4. Principal Applicants must be an [independent researcher](#) [4] or [knowledge user](#) [5] (inclusion of one or more Principal Applicants is optional).
5. Co-Applicants can be one of the following (inclusion of one or more Co-applicants is optional):
  - An [independent researcher](#) [4];
  - A [knowledge user](#) [5];
  - A [trainee](#) [7];
  - Other.
6. While individuals can apply to Foundation Grant and Project Grant programs during overlapping competitions, the *same* application cannot be submitted to both competitions, as per [section 1-E of the CIHR Grants and Awards Guide](#) [8]. If the same application is found to have been submitted to overlapping Foundation Grant and Project Grant competitions, the applicant will be asked to withdraw one of his/her applications. CIHR will not consider inclusion of components of a proposal into a second proposal as the same application. Note: Individuals applying to both programs will not be allowed to change their role (Nominated Principal Applicant or Program Leader) on either application.
7. An individual cannot submit more than two Project Grant applications per competition as a Nominated Principal Applicant. If the Nominated Principal Applicant submits more than two applications, CIHR will automatically withdraw the last application submitted based on time-stamp of submission.
8. Individuals who hold a Foundation Grant in the role of Program Leader are not eligible to apply to the Project Grant competition in the role of Nominated Principal Applicant and Principal Applicant.

## Early Career Investigators (ECIs)

Inclusion within this cohort is based on the ECI eligibility status of the Nominated Principal Applicant, at the application deadline. All time spent in full-time independent research appointments/positions will be taken into consideration when determining eligibility irrespective of time spent in a clinical component or other duties (i.e. administrative, academic, etc). Should an applicant hold or have held a part-time appointment/position, CIHR will count that time as

50% (e.g., a one-year part-time appointment/position will count for 6 months towards the 60-month maximum).

Leaves of absence will be considered in the calculation of eligibility (i.e., will not count towards the 60-month maximum) and should be included in the Employment section under Leaves of Absence in the Common CV.

## Maximum Project Value

- Within the investment allocated to each Project Grant competition, there will be a funding envelope of \$13.25M dedicated to large grants. Large grants are defined as those within the top 2% largest total grant amount requested by all applicants within the competition and will vary with each competition. Individual grant applications requesting a total of more than \$13.25M from CIHR will be withdrawn.
- The Project Grant competition will also have a specific funding envelope to support [Early career investigators](#) [9].
- The number of grants funded will depend on the requested budgets and peer review recommendations.
- Project grant funding levels are proportionate to the requirements of the research proposed, which is expected to vary by research field, research approach, and scope of project activities.

## Indirect Costs

## Deadlines

**If College-level review is required, your College will communicate its earlier internal deadlines.**

Type	Date	Notes
<b>External Deadline</b>	Wednesday, February 6, 2019 - 8:00pm	<b>Registration:</b> PI to submit registration directly to sponsor via <a href="#">online application system ResearchNet</a> [10]. Registrations will be accepted between January 16 and February 6, 2019. Application form will open once registration has been submitted. More information on this funding opportunity and <a href="#">Registration instructions</a> [11] can be found on the <a href="#">CIHR website</a> . [12]

Type	Date	Notes
<b>Internal Deadline</b>	Wednesday, February 27, 2019 - 11:59pm	<p><b>Application:</b> PI to submit a copy of application, routing slip and signed Participant Signature pages (if applicable) along with a complete OR5 form to: <a href="mailto:research.services@uoguelph.ca">research.services@uoguelph.ca</a> [13].</p> <p>PI must hit "submit" on ResearchNet on or before the internal deadline. The application will then be accessible the the Grants Officer to review.</p>
<b>External Deadline</b>	Wednesday, March 6, 2019 - 4:30pm	<p><b>Application:</b> This funding opportunity follows the <a href="#">eApproval process</a> [14]. This means that when the applicant submits an application, it will be directed electronically to the Research Institution which the applicant has identified as the Institution Paid. The Research Institution will review the application and submit their approval electronically to CIHR on behalf of the applicant.</p> <p>For more information on this funding opportunity, application and specific instructions, please see <a href="#">the sponsor website</a>. [2]</p>

## Information For Co-applicants

If you need to meet a deadline set by the lead institution for this opportunity, please ensure that you provide the Office of Research with at least five days in advance of the lead institution's deadline to review the application, or your proposed component of the project. Please be in

touch with the Office of Research (contact information below) ahead of the deadline if it looks like it will be difficult for you to submit all the required documentation on time (i.e. budget, proposal, OR-5 Form).
