Tuesday February 21, 2023 1:00pm to 4:00pm	Zoom or MS Team	Register for Session 4 Session 4 (English, 75 participants) Tuesday, February 21, 2023 1:00 pm to 4:00 pm EST Tuesday, February 28, 2023 1:00 pm to 4:00 pm EST Tuesday, March 7, 2023 1:00 pm to 4:00 pm EST

Description

The CIHR Communications team and the [Centre for Research on Pandemic Preparedness and Health Emergencies](#), are very excited to tell you about the upcoming science communication training workshops.

These workshops are free of charge for participants, and they are available to health researchers across Canada (any career stage). All workshops will be offered as webinars, either using Zoom or MS Teams.

The relevant details, including workshop descriptions and registration links, will always be posted on [this new page of CIHR's website](#). The first workshop, entitled *Foundations of Science Communication*, is now open for registration. Please note that capacity is extremely limited and that registration is on a 'first come, first served' basis. It is expected that these sessions will fill up quickly.

Additional science communication topics and workshops will be added to the list of offerings over the next few months. **Book mark the webpage and check back the first week of November 2022.**
