Description

Diabetes Canada is proud to be a leading supporter of diabetes research in Canada. The End Diabetes Fund supports research to enhance our understanding of diabetes and its prevention, treatment, management and cure. Diabetes Canada accepts funding proposals from all four pillars of health research, to ensure that we are funding the best in biomedical, clinical, health services and/or population health research to improve the lives of people living with or at risk of diabetes and its complications.

The objective of the End Diabetes 2023 Awards are:

- To support researchers in the discovery of the biomedical, clinical, health services and/or population health factors that lead to the onset and progression of all types of diabetes and related complications.
- To develop solutions aimed at the prevention, management and finding a cure(s) for diabetes and its complications.
- To address challenges in diabetes health services and design and implement solutions that improve healthcare delivery, health policies and access to care for all communities and populations affected by diabetes.

Eligibility

The Nominated Principal Applicant must be an independent researcher. The Nominated Principal Applicant and Co-Applicant(s) must have an academic or research appointment with an eligible Canadian institution.

Diabetes Canada 2023 Research Competition

Published on Research Alerts (<https://www-research.uoguelph.ca/research/alerts>)

The Nominated Principal Applicant on an End Diabetes 2023 Award is not eligible to apply for or hold more than one End Diabetes Award from Diabetes Canada at any time. Partnered grants awarded with another funder are not included in this limit.

3 years

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

| Type | Date | Notes |
|--------------------------|---------------------------------|---|
| Internal Deadline | Friday, June 23, 2023 - 11:59pm | Applicant to submit a copy of application, routing slip and signature page along with an OR5 form to: research.services@uoguelph.ca |
| External Deadline | Friday, June 30, 2023 - 8:00pm | Applicant to complete and submit complete application using on-line application system ResearchNet [2] |

How to Apply

Diabetes Canada 2023 Research Competition

Published on Research Alerts (<https://www-research.uoguelph.ca/research/alerts>)

To begin your application:

1. Log into [ResearchNet](#): [3]
2. From the home screen select Find Funding Opportunities (upper left-hand menu)
3. When the menu expands select Apply for Funding
4. In the list navigate to **Operating Grant - End Diabetes 2023 Award**
5. Select the Apply to this Opportunity link
6. Please ensure you also review the Funding Opportunity Details for full details on the 2023 application criteria and policies.

Information For Co-applicants

If you need to meet a deadline set by the lead institution for this opportunity, please ensure that you provide the Office of Research with at least five days in advance of the lead institution's deadline to review the application, or your proposed component of the project. Please be in touch with the Office of Research (contact information below) ahead of the deadline if it looks like it will be difficult for you to submit all the required documentation on time (i.e. budget, proposal, OR-5 Form).
