

Digital Research Alliance of Canada - Digital Research Tools for Humanities and Social Sciences

Date	Location	Notes
Tuesday February 14, 2023	Online	Program runs from February 14 to February 17, 2023. You may register for as many or as few of the sessions as you wish. Program details and registration links can be found at https://hss23.netlify.app/

Description

The Digital Research Alliance of Canada (Alliance) and the Alliance Federation are offering an introductory digital research tools webinar series for humanities, arts and social sciences researchers.

These are beginner-level sessions. **No prior experience or knowledge is required.**

Tools available through the Alliance and Federation will be discussed, as well as some out-of-the-box tools available to Canadian researchers, and additional information and techniques relevant for digital research projects.
