Description

Led by

Melanie Parlette-Stewart, MLIS, Digital Media Librarian

Craig Hyatt, Manager, Web and Development Solutions

Looking to increase your research impact and online presence? Learn how to effectively create a professional website using free tools.

In this session, you'll learn more about:

- AODA (Accessibility for Ontarians with Disabilities Act) Requirements
- Security
- Best practices for creating an engaging web presence
- Free (and almost free!) website builders including Wix, SquareSpace, Wordpress.com and Jimdo.

Attend this workshop if you want to learn about best practices and free tools to create a professional website and raise your online profile to share your research.

You must bring a laptop in order to participate.

Full listings of sessions are available on the [Faculty Information Exchange 2017-18 website](#).
