

## Faculty Information Exchange Series 2018-19: Mid-Career Researchers: Maintaining Research Program Momentum

Date	Location	Notes
Thursday November 8, 2018 12:00pm to 1:00pm	UC 441	No reservation necessary, all welcome!  <a href="#">Webinar participation available.</a>  For more information contact <a href="#">Patti Minakis</a> , ext. 56943

### Description

#### Led by:

- Gisèle LaPointe, Professor and NSERC/Dairy Farmers of Ontario Industrial Research Chair in Dairy Microbiology, Food Science Department
- Kim Francis, Associate Professor, Music

Established researchers will discuss opportunities and challenges for mid-career researchers, balancing career goals and directions, building and managing research portfolio and research teams.

The session is co-hosted by the Office of Research, College of Arts, and Ontario Agricultural College.
