add an event in your Calendar

[Join - Webinar, January 25, 2024](#) [2], to join
without registration.

NOTE: Participants will join a waiting lobby
when entering the Microsoft Teams session.

If you are experiencing issues joining the
meeting, please
contact aburke05@uoguelph.ca [3].

Description

Led by

- **David Hobson**, Manager, Technology Transfer, Research Innovation Office
- **Dr. Wael Ahmed**, Professor, School of Engineering

If you are interested in how to successfully manage new and existing intellectual property (IP) in your research program, this session is for you. It will address common questions: 'What is IP, how do I protect it and why does it matter?' 'How can I benefit from my IP?', 'What can go wrong with IP during and after research projects?' Whether you want to focus only on research involving your existing IP, borrow IP from a third party to accelerate your research program, or transfer your IP into a startup company — then this seminar is for you. Get the basics of IP and get candid tips from an IP professional and a seasoned faculty member.
