Description

Since 2000, the France-Canada Research Fund (FCRF) has provided financial support to the New Research Collaboration Program, which promotes partnerships between researchers in France and Canada. The FCRF aims to accomplish the following objectives:

- Support the development of new expert partnerships between France and Canada;
- Promote the advancement of research and innovation;
- Prepare and structure scientific cooperation between the two countries;
- Promote researchers' mobility, particularly for early-stage researchers;
- Provide research training for researchers at the master's and doctorate levels.

Additionally, the 2024 competition has two priority themes:

- "One Health?" A multi-sector approach to achieving health equity; and
- "Climate change and adapting to extreme environments"

Eligibility

To be eligible, Researchers must:

- Not have worked together previously; and
- Principal Investigators (PIs) must have a tenure or tenure track position or full-time position working at an affiliate institute; and
