
France Canada Research Fund: New Collaborations Program 2019

Sponsor

France-Canada Research Fund (FCRF)

Description

This program provides financing for new scientific projects jointly developed by French and Canadian teams that have never worked together before.

The New Scientific Collaboration Support Program, financed by the France-Canada Research Fund (FCRF), aims to accomplish the following objectives:

- Support developing new expert partnerships between France and Canada,
- Promote the advancement of research and innovation,
- Prepare and structure scientific cooperation between the two countries,
- Promote researcher mobility, particularly for young researchers, and
- Provide research training for young researchers.

Eligibility

Criteria of eligibility:

- The research projects of the selected applicant must be part of a 2018 Franco-Canadian research project preselected by the FCRF's Canadian member universities.
- The selected applicant must hold Canadian citizenship.
- The applicant's research projects must make positive contributions to the vitality of scientific cooperation between France and Canada.

Maximum Project Value

\$8,000 to \$15,000, according to the needs expressed by the principal investigators.
