

## **Great Lakes Fishery Commission: Pre-proposals for Fishery and Sea Lamprey Research Programs, 2023**

### **Sponsor**

Great Lakes Fishery Commission (GLFC)

### **Program**

Fishery Research Program

Sea Lamprey Research Program

### **For More Information**

For full details on the programs and eligibility criteria, please visit the [GLFC Call for Proposals](#) [1] web-page.

### **Description**

Pre-proposals for the Fishery Research Program and Sea Lamprey Research Program are being accepted until January 15, 2023. Please review the call for proposals before submitting your pre-proposal. Pre-proposals should be submitted through the online system, which contains detailed submission instructions. Please visit the [GLFC Call for Proposals](#) [1] web-page to access the link to the call for proposals document, as well as the link to the online system.

Proposals are evaluated for relevance and scientific merit and against information needs identified by the Research Themes under which they are submitted.

**New requirement:** Diversity, equity, inclusion, and cultural (DIEC) competency considerations should be embedded throughout the relevant sections of a research proposal and summarized in a separate DEIC statement. This new GLFC requirement can be reviewed in the [GLFC DIEC](#) [2] web document.

### **Funding Availability**

Individual awards are typically between \$35,000 and \$100,000 per year.

## Indirect Costs

5%.

## Project Duration

New projects may not begin before January 1, 2024.

## Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.
