Description

As part of the commitment to transform women's heart and brain health, Heart & Stroke is launching the 2024/25 Heart & Stroke Postdoctoral Personnel Awards for Women's Heart and/or Brain Health. The objective of the competition is to increase the number of researchers and clinician-scientists in Canadian universities and research institutions devoted specifically to women's heart and/or brain health and, in so doing, expand research initiatives in this field. In the context of this award, heart and/or brain health research refers to research addressing heart conditions, stroke, and vascular cognitive impairment. The stipends awarded will enable Postdoctoral Fellows to pursue their program of research and engage with mentors as part of their training.

Eligibility

Applicants must meet the following criteria:

- a. Applicants must propose a research project that seeks to build knowledge on women's heart and/or brain health.
- b. The applicant's institution must provide a signature committing to contribute at least the same monetary amount per year as Heart & Stroke's contribution towards the postdoctoral stipend should the applicant be successful. The signature must be from an

individual with signing authority for the institution. The applicant must upload the Signatures Page to [CIRCUlink](#) [2] as part of the submission package (see section B.10.2 of the [WPDRA Guidelines](#) [3]).

- c. Applicants must be Canadian citizens, permanent residents of Canada or Protected Persons under subsection 95(2) of the Immigration and Refugee Protection Act (Canada) as of the application deadline date.
- d. Applicants must hold or be completing either (i) a PhD or (ii) [a regulated health professional degree](#) [4].
- e. At the time of submission, applicants must either (i) have a position as a full-time Postdoctoral Fellow or Clinical Fellow at an eligible Canadian institution; or (ii) have applied for the position of full-time Postdoctoral Fellow or Clinical Fellow at an eligible Canadian institution with a start date of no later than December 31, 2024.
- f. Clinical Fellows must be in a research stream.
- g. Applicants may not hold, or be on leave from, an [independent research](#) [5] position.
- h. Applicants must have an identified research supervisor based at an eligible Canadian institution where the research will be undertaken.
- i. Applicants must submit, from the institution, a **Statement of Acceptance** as written evidence of being accepted as a Postdoctoral Fellow or Clinical Fellow prior to funds being released.

Funding Availability

Total of up to \$600,000 CAD

Maximum Project Value

\$30,000 per year up to a maximum of \$60,000 per grant

Indirect Costs

0%

Project Duration

2 years

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Friday, September 1, 2023 - 11:59pm	Applicants to submit a copy of application including the Statement of Acceptance along

Type	Date	Notes
External Deadline	Friday, September 8, 2023 - 3:00pm	<p>with a complete OR5 form (signed by their supervisor) to research.services@uoguelph.ca [6].</p> <p>Applicant: Applications must be submitted online using Heart & Stroke online research programs portal - CIRCULink [2]</p> <p>Once applicants login to CIRCULink, they will see the components of the application laid out on a left-side menu. For some components applicants will type their responses directly into the web fields supplied. For other components, applicants will use the ATTACHMENT LIST option to upload the required PDF attachments.</p>
