

Institutional Partnership Initiative Speed Networking

Date	Location	Notes
Thursday May 2, 2024 2:00pm to 4:00pm	UC 442	Please conform your attendance by registering.

Description

We are thrilled to announce an interdisciplinary research partnership initiative between the College of Arts (COA), College of Biological Sciences (CBS), College of Engineering and Physical Sciences (CEPS), College Social and Applied Human Sciences (CSAHS), Gordon S. LANG School of Business and Economics (LANG), Ontario Agriculture College (OAC), and Ontario Veterinary College (OVC). The initiative will leverage diverse expertise within our research communities for mutual benefits and impactful research outcomes.

The primary focus of the partnerships is to facilitate the development of collaborations between individual faculty members, or emerging teams, to support the development of highly impactful research proposals within the Tri-agency portfolio.

This event is an opportunity to connect with other researchers who are interested in interdisciplinary research and kick off potential research partnerships. The event will be organized into 3- to 4-minute discussion blocks to maximize the number of other researchers you will meet. At the end, we will have a general networking period.

Refreshments will be provided.
