McGill Data Anonymization Workshop Series

This October, the Digital Research Services Hub at McGill University invites all researchers to a series of **online** workshops about data anonymization, presented by leading Canadian and international experts. This workshop series will provide attendees with an overview of data anonymization, as well as demonstrations of data anonymization software tools for both qualitative and quantitative data.

This workshop series is **free to attend and is open to all researchers (McGill affiliation not required).**

For more information and to register, please visit the workshop event page. All workshops will be presented in English with simultaneous French interpretation.

Quantitative data workshops

Reducing risk: An introduction to data anonymization
Tuesday October 3, 2023, 10:00am–12:00 pm ET

ARX – Anonymizing data in theory and practice
Wednesday October 4, 2023, 10:00am–12:00pm ET

Qualitative data workshops

Ethically sharing qualitative data
Tuesday October 17, 2023, 10:00am–12:00pm ET

Qualitative data sharing: A roadmap and resources to facilitate responsible and ethical data sharing
Wednesday October 18, 2023, 10:00am–12:00pm ET

This workshop series is led by McGill's Digital Research Services Hub in collaboration with Western University Libraries and the Digital Research Alliance of Canada, and supported in part by funding from the Social Sciences and Humanities Research Council Connection Grant.
