Description

The Mitacs Accelerate Industrial Postdoc provides one, two or three years of funding – valued at \$55,000 per year - for a postdoctoral fellow in any discipline. This special initiative offers better leveraging than standard Mitacs Accelerate internships.

Postdoctoral fellows partner with a company or not-for-profit organization and build a longer-term research collaboration.

	Per year
Partner contribution	\$25,000
Total research funding	\$55,000
Minimum postdoc stipend/salary	\$50,000
Maximum funds for research costs	\$5,000

Mitacs Accelerate allows students to work closely with a partner organization and faculty supervisor, using the latest tools and techniques available to them in both academic and industrial settings. Projects are a cost-shared model with Mitacs, through the support of federal and provincial government, matching the industry partners or non-for-profit (NFP) organizations contributions.

Eligibility

- Full-time grad students at all Canadian universities
- Canadian citizens, permanent residents, and international students
- All academic disciplines
- Businesses and not-for-profit organizations
- Students must spend 50% of the internship with the academic institution and 50% with the partner organization

Maximum Project Value

Up to \$55,000/year for research with a company or not-for-profit.

Indirect Costs

0%

Project Duration

One, two or three years.
