Program

Mark L. Morris Jr. Investigator Award: Request for Proposals, Senior Dog Health

For More Information

For full program details and eligibility criteria, please visit the [Morris Animal Foundation - Apply for a Grant web-page](#) [1].

Description

The mission of Morris Animal Foundation (MAF) is to bridge science and resources to advance the health of animals. To honor the legacy and vision of the son of their founder, the Mark L. Morris Jr. Investigator Award is designed to support an area of companion animal research for which there is a pressing need and potential for rapid progress.

The topic selected for the 2022 Request for Proposals (RFP) is senior dog health. Projects involving more than one of the discussed areas are also welcome. MAF will not accept off-topic proposals in this RFP. Proposals should demonstrate the unique and strategic nature of the proposed research and address how the project advances the field of senior dog health. MAF prefers collaborative projects with the potential to rapidly translate findings to primary care practice.
