

NSERC Brockhouse Canada Prize for Interdisciplinary Research in Science and Engineering

Sponsor

Natural Sciences and Engineering Research Council of Canada (NSERC)

Description

This prize recognizes outstanding Canadian teams of researchers from different disciplines who have combined their expertise to produce achievements of outstanding international significance in the natural sciences and engineering in the last six years.

Eligibility

Nominators must be Canadian Citizens or permanent residents of Canada. Self Nominations will not be accepted.

Research teams nominated must have at least two members who are independent researchers, one of whom must hold an NSERC research grant. The team can be part of an international effort, but the majority of the team must be employed at a Canadian University or public or private organization. Contributions must be primarily in the natural sciences and engineering, and of an interdisciplinary and collaborative nature.

Prize

Up to \$250,000.00
