## Description

NSERC's [Collaborative Research and Training Experience](#) (CREATE) program awards grants of up to \$1.65M over 6 years for the development of innovative training programs designed to enhance collaboration and facilitate the transition of trainees to productive employees in the Canadian workforce.

In preparation for the next CREATE competition, NSERC will hold an information session via MS Teams to provide an overview of the CREATE program and application process. New changes to the 2024 CREATE program will be communicated during these webinars. Attendance is recommended.

Details of these changes will be published on the CREATE program website in March 2024.

Please send any questions regarding the CREATE program and/or the application process in advance to [CREATE@NSERC-CRSNG.gc.ca](mailto:CREATE@NSERC-CRSNG.gc.ca).
