

NSERC John C. Polanyi Award 2023

Sponsor

Natural Sciences and Engineering Research Council of Canada (NSERC)

Description

The **NSERC John C. Polanyi Award** was created to recognize and support a university researcher or team of researchers whose work has led to a recent outstanding Canadian advance in a field of the natural sciences or engineering. The research leading to the advance must have been funded at least partially by an NSERC grant. The award is open to all researchers, regardless of their career stage.

Eligibility

Candidates may be nominated by any individual or group; however, the nominators must be Canadian citizens or permanent residents of Canada. Self-nominations will not be accepted. Candidates can be at any stage in their career. At least one of the candidates must hold an NSERC research grant. Additionally, the research that led to the advance described in the nomination must have been supported by NSERC.

In the case of a team nomination, members may be from academia, government or industry, and may be research associates, postdoctoral fellows or students. The team can be part of an international effort, but the majority of the nominated team members must be employed at a Canadian university or public or private organization. An individual or team may be nominated for the NSERC John C. Polanyi Award and other major NSERC prizes in the same year, but can receive only one such prize in a given year.

More information on the eligibility criteria and nomination process can be found on the [NSERC John C. Polanyi Award's Website](#) [1].

Prize

The winning individual or team will receive a research grant of up to \$250,000. Research grant funds paid to winners of this prize are subject to the [Tri-Agency Financial Administration Guide](#) [2].

Special Notes

Please note that research activities carried out in the context of COVID-19 need to adhere to the University of Guelph COVID-19 research principles, policies, guidelines and processes as they may be updated from time to time and communicated on the [Office of Research web-page](#) [3].

How to Apply

The Vice-President (Research) encourages nominations for this prestigious award, and will serve as nominator for those nominees recommended by the Honours and Awards Advisory Committee. If you wish to nominate a colleague or to be considered for VPR nomination:

1. We recommend discussing your interest in this award with your College Research Manager and Associate Dean (Research).
2. Complete the [Expression of Interest document](#) [4].
3. Send the completed Expression of Interest document and a CV to research.honours@uoguelph.ca [5] and copy your College Research Manager by the internal deadline.

Career interruptions due to parental leave, family care, extended illness, or community responsibilities will not negatively impact the committee's assessment of a candidate's research productivity. These will be taken into consideration when EOIs are assessed.

If your nomination will be submitted by a different nominee, and therefore does not require the Vice-President's endorsement, please submit a complete nomination and signed OR-5 to research.services@uoguelph.ca [6] by the external deadline.
