

OMAFRA 2018 Small Ruminant Research Forum

Date	Location	Notes
Monday May 14, 2018 9:00am to 3:30pm	Conference Centre, 1 Stone Rd. W. Guelph, Ontario	Please register by visiting the OMAFRA website .

Description

The purpose of the 2018 Small Ruminant Research Forum is to provide the opportunity for researchers, industry representatives, other stakeholders, and government specialist to connect and share information and ideas pertaining to the research, trends, and needs of the small ruminant livestock sectors in Ontario.

The 2018 Small Ruminant Research Forum will allow participants to:

- Hear from researchers, industry, and government about the priorities and trends in the goat and sheep livestock sectors.
- Network and participate in knowledge sharing activities like plain language poster session and roundtable discussion groups.
- Explore opportunities through networking and share strategic ideas on building and growing your livestock sector in Ontario.
- Have an opportunity to input your opinions and knowledge about your sectors research needs.
