For More Information

[MITACS RISE-Globalink Research Internship](#) [1]

Description

Mitacs and the German Academic Exchange Service (DAAD) have partnered to offer the [RISE-Globalink Research Internship](#) [2] (RISE-GRI), which offers undergraduate students at Canadian universities the opportunity to undertake research at eligible German institutions.

The RISE-Globalink Research Internship is a competitive initiative that offers undergraduate students at Canadian universities in the fields of biology, chemistry, computer science, engineering, earth science, and physics the opportunity to participate in a research project supervised by a doctoral student at a German university or institution.

Eligibility

The program is open to full-time undergraduates in Biology, Chemistry, Computer Science, Physics, Earth Sciences, or Engineering (or a closely related field) who have completed at least two years of a four- or five-year program. This is a competitive opportunity - only top-ranked students are matched with projects.

Maximum Project Value

Approved recipients receive \$6,000 toward travel and accommodations

Project Duration

Projects must start between May 15 and July 9, 2019. Projects will be 12 weeks in duration

(minimum 10 weeks).

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
External Deadline	Saturday, December 15, 2018 - 4:30pm	Students must apply directly through the RISE application portal [3]. The call for applications opened on November 1, 2018, and closes on December 15, 2018.

How to Apply

Eligible students need to review the list of available projects in their discipline on the RISE Germany internship database. Students will then submit RISE-Globalink Research Internship applications through the [RISE Germany application portal](#) [4].

For Questions, please contact

For questions about the application procedure, matching process, and internship placement, please contact rise-germany@daad.de [5]. For any questions regarding the funding, please contact Mitacs International at international@mitacs.ca [6].
