Description

The University of Guelph invites applications for nomination to a Tier 2 SSHRC Canada Research Chair in all social science and humanities fields of study identified in the University's [Strategic Research Plan](#) [1]. Candidates must be tenure-track or tenured faculty members at the University of Guelph. Individuals who have a firm offer of tenured/tenure-track employment to the University that takes effect by July 1, 2020 are also eligible.

To address the under-representation of members of equity-seeking groups among our Chairholders, this initiative follows the provisions for a [special program as described by the Ontario Human Rights Commission](#) [2]. This opportunity is open only to exceptionally qualified individuals who self-identify as members of one or more of the four federally designated groups: women, visible minorities/racialized persons, persons with a disability, or Indigenous Peoples. The identification of outstanding candidates from the designated groups is central to the University's commitment to excellence, as well as to its capacity to fulfill the objectives of the University's [Canada Research Chairs Equity, Diversity, and Inclusion Action Plan](#). [3]

For more background relevant to this initiative, please see the [2019 Addendum to the 2006 Canadian Human Rights Settlement Agreement?](#) [4] The addendum commits the CRC program to increasing institutional targets for representation of the four federally designated groups to "reflect representation within the Canadian population" by 2029.
