Description

The Social Sciences and Humanities Research Council (SSHRC) has developed a new format for its end-of-grant reports. The Achievement Report replaces the Final Research and Activity Reports for ALL funding opportunities. The Achievement Report is a survey format available on a secure web platform. It is concise, user-friendly and offers a [preview](#) [1] to the questions prior to beginning the report.

SSHRC invites grant holders to submit reports now through the new Achievement Report.

As part of the transition to Achievement Reports, SSHRC will remove system access to the Final Research Report or Activity Report tab from all grant holders' accounts on **May 23, 2017**. After that date, any information that has been entered in the final report tab, but not submitted to SSHRC will be lost. Until May 23, grant holders may elect to complete either a [Final Research Report/Activity Report](#) [2] or an Achievement Report. After May 23, all end of grant reports must be submitted using the new Achievement Report.
