SSHRC Partnership Engage Grants [1]

Description

Partnership Engage Grants are expected to respond to the objectives of the Insight [2] program and the Connection [3] program. Please note that Partnership Engage Grants cannot respond exclusively to the objectives of the Connection program.

They provide short-term and timely support for partnered research activities that will inform decision-making at a single partner organization from the public, private or not-for-profit sector. The small-scale, stakeholder-driven partnerships supported through the Partnership Engage Grants are meant to respond to immediate needs and time constraints facing organizations in non-academic sectors. In addressing an organization-specific need, challenge and/or opportunity, these partnerships let non-academic organizations and postsecondary researchers access each other's unique knowledge, expertise and capabilities on topics of mutual interest.

SSHRC welcomes applications involving Indigenous research [4], as well as those involving research-creation [5].

SSHRC invites all applicants to review Imagining Canada's Future's [6] six future challenge areas and subquestions, and to consider addressing one or more of these areas in their research proposal. This is not an evaluation criterion for merit review and does not offer additional or dedicated research funds for this funding opportunity. SSHRC monitors research

capacity in the challenge areas, and develops and implements strategies and knowledge mobilization activities to enhance the contribution of the humanities and social sciences across the challenge areas. Imagining Canada's Future's [6] summary reports are available on Knowledge Synthesis Grants funding opportunities held on future challenge areas during 2014-17. Applicants may wish to further explore the gaps in current knowledge highlighted in the reports.

Eligibility

Subject matter

Most SSHRC funding is awarded through open competitions. Proposals may involve any disciplines, thematic areas, approaches or subject areas eligible for SSHRC funding. Please see Subject Matter Eligibility [7] for more information. Projects whose primary objective is curriculum development are not eligible for funding under this funding opportunity.

Applicants

Applications may be submitted by an individual researcher or a team of researchers (consisting of one applicant and one or more co-applicants [8] and/or collaborators [9]). Applicants must be affiliated with an eligible institution [10] (Canadian postsecondary) at the time of application. Researchers who maintain an affiliation with a Canadian postsecondary institution, but whose primary affiliation is with a non-Canadian postsecondary institution, are not eligible for applicant [11] status. Applicants who have received a SSHRC grant of any type but have failed to submit an end of grant report [12] by the deadline specified in their Notice of Award are not eligible to apply for another SSHRC grant until they have submitted the report.

Postdoctoral researchers are eligible to be applicants if they have formally established an affiliation with an eligible institution [10] at the time of application, and maintain such an affiliation for the duration of the grant period. Postdoctoral researchers who are affiliated with a postsecondary institution are eligible to be co-applicants.

Co-applicants

An individual is eligible to be a co-applicant [8] if they are formally affiliated with any of the following:

- Canadian: Postsecondary institution; not-for-profit organization; philanthropic foundation; think tank; or municipal, territorial or provincial government.
- International: Postsecondary institution.

Collaborators

Any individual who makes a significant contribution to the project is eligible to be a collaborator [9]. Collaborators do not need to be affiliated with an eligible Canadian postsecondary institution. Individuals from the private sector or federal government can only participate as collaborators.

Partner organizations

Only one Canadian or international organization from the public, private or not-for-profit sector may be involved as a partner organization. Postsecondary institutions, as well as any organization or associations affiliated with or servicing them, are not eligible as partner organizations. Partner organizations are expected to support the activities of the partnership through cash and/or in-kind contributions [13]. Researchers involved in formal partnerships [14] that involve more than one partner organization are encouraged to apply for Partnership Development Grants [15] or Partnership Grants [16].

Multiple applications and holding multiple awards

Individuals may apply, as an applicant, for only one Partnership Engage Grant per calendar year. Current Partnership Engage Grant holders may not submit a new Partnership Engage Grant application until their current grant is no longer active. Please see SSHRC's regulations regarding multiple applications and holding multiple awards [17] for more information.

Institutions

Grant funds may only be administered by an eligible Canadian postsecondary institution. Institutions proposing to administer any grant awarded under this funding opportunity must hold or obtain institutional eligibility [10].

Maximum Project Value

$7,000 to $25,000

Note: Salary research allowance - Co-applicants from eligible not-for-profit organizations may request a salary research allowance [18] to release them from duties to their organization.

Indirect Costs

0%

Project Duration

One year

Special Notes

All applicants for SSHRC funding should consult the following guidelines while preparing their applications:

- For guidance on connecting with research users to create impact, see SSHRC's [definition of knowledge mobilization](#) [19] and [Guidelines for Effective Knowledge Mobilization](#) [20].
- Applicants should consult the [Guidelines for Effective Research Training](#) [21]. These guidelines may also be useful to reviewers, postsecondary institutions and partner organizations.
- SSHRC, in alignment with its [Aboriginal Research Statement of Principles](#) [22], welcomes applications involving [Aboriginal research](#) [23]. It also provides [Guidelines for the Merit Review of Aboriginal Research](#) [24].
- Applicants may include up to $7,000 of funding for research and research-related tools in any SSHRC grant application without specifically needing to refer to SSHRC's [Guidelines for Support of Tools for Research and Related Activities](#) [25]. Funding beyond $7,000 for research or research-related tools is not an eligible expense for the Partnership Engage Grants.

SSHRC will be holding a webinar for applicants and research administrators to provide information and answer questions about the Partnership Engage Grants.

The webinar will be held via Adobe Connect at the following times:

How to Apply

There are four funding cycles per year: September 15, December 15, March 15 and June 15. The results will be announced in November, February, May and August, respectively.

Applicants must complete the application form online in accordance with the accompanying instructions [33]. Applications must be submitted electronically by an authorized research grants officer, or equivalent, from the applicant's institution.

Note: Once the 8:00pm EST deadline has passed, the application server will be offline for 48 hours and will not be able to accept any additional applications. The application server will come back online after that 48-hour period, ready to accept applications for the next competition deadline.

Information For Co-applicants

If you need to meet a deadline set by the lead institution for this opportunity, please ensure that you provide the Office of Research with at least five days in advance of the lead institution's deadline to review the application, or your proposed component of the project. Please be in touch with the Office of Research at research.services@uoguelph.ca [32] ahead of the deadline if it looks like it will be difficult for you to submit all the required documentation on time (i.e. budget, proposal, OR-5 Form).
