[WSIB - 2019 Grant Competition](#) [1]

Description

The WSIB's Grants Program enhances workers' compensation system outcomes by supporting innovative proposals that are aligned to the WSIB's strategic mandate. This is accomplished through highly practical, expert research studies that address current and emerging challenges – and, it will strengthen Ontario's workers' compensation system now and in the future.

The following research priorities have been identified for the 2019 call, based on WSIB's Strategic Plan:

1. Making Ontario a safer place to work
2. Improving return to work and recovery outcomes
3. Meeting the needs and expectations of WSIB's customers

The WSIB Grants Program accepts the following types of proposals:

1. Research proposals
 - Expert research proposals that deliver practical results for the workers' compensation system
 - Results will lead to policy, program and practice improvements
 - Proposals for systematic reviews will also be considered
 - Workplace-based projects that involve collaborations between the workplace, researchers and organizations
 - Proposals may include implementing completed research, piloting programs, and conducting evaluations to improve outcomes
2. Training proposals

WSIB 2019 Grants Program - Call for Proposals

Published on Research Alerts (<https://www-research.uoguelph.ca/research/alerts>)

- Initiatives that help people with work-related injuries and illnesses, employers and the compensation system resolve long-standing barriers
- Innovative opportunities that build capacity in the community and offer significant potential to improve compensation system results

Eligibility

Publicly funded universities and colleges.

Master's or PhD students conducting research at a Canadian institution are eligible to submit a proposal as a Secondary Lead. The Project Lead must be an expert researcher who agrees to supervise the student and accept accountability for grant management and performance.

Maximum Project Value

The maximum funding request is up to \$200,000/year for a total maximum budget of \$400,000.

Indirect Costs

0%

Project Duration

Two Years.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Friday, February 8, 2019 - 4:00pm	Please submit your OR-5 and initial proposal to the Office of Research Services at research.services@uoguelph.ca [2]. Please note that the initial proposal requires a University signature (which will be obtained at the Office of Research level) prior to final submission to WSIB.
External Deadline	Friday, February 15, 2019 - 4:00pm	Lead Applicant is responsible

WSIB 2019 Grants Program - Call for Proposals

Published on Research Alerts (<https://www-research.uoguelph.ca/research/alerts>)

Type	Date	Notes
		for submitting a signed, completed proposal to grants@wsib.on.ca [3] by 4:00pm ET on February 15, 2019.
		For researchers invited to the detailed proposal stage, please submit your detail proposal to the Office of Research for review a minimum of one-week prior to the deadline set by WSIB.

How to Apply

All applicants must complete Sections 1-7 of the initial proposal form. Email a signed copy of the completed proposal to grants@wsib.on.ca [3] on or before 4:00 p.m. on February 15, 2019.

Hard copies of the application are not required. Proposals received after the deadline will not be included in the application and selection process. Incomplete proposals will not be accepted.

Appendices Please include references in this section. If required, up to three additional pages of appendices will be allowed to accompany your proposal. Please attach and number the additional pages and clearly identify the section that the pages belong to. Please note that appendices will be allowed as supporting documentation to the application, but that reviewers are not required
