

CIHR Environments and Health Intersectoral Prevention Research: Team Grant - Webinar Group viewing/discussion

Date

Thursday September 3, 2015 1:00pm to 3:30pm

Location

Johnston Hall, Room 104

Description

The Office of Research Services is hosting a group viewing of the [CIHR Environments and Health: Intersectoral Prevention Research: Team Grant webinar](#) followed by a discussion group on **Thursday September 3, 1:00-3:30 pm** (Johnston Hall, Room 104).

The CIHR Environments and Health: Intersectoral Prevention Research: Team Grant opportunity has been identified as a competition in which the U of G might have a strategic advantage based on the nexus areas identified for the competition: **agri-food, resource development** and **urban form**. The Office of Research Services invites interested team leaders/applicants, college research managers and associate deans to explore the opportunity and how the U of G might best prepare Letters of Intent in the competition.

Some additional resources regarding the competition are:

- [Full funding opportunity information in ResearchNet](#)
- [CIHR's Environments & Health Signature Initiative - overview](#) which outlines the nexus areas in more detail

If you'd like to attend, please RSVP to Patti Minakis (pminakis@uoguelph.ca) by Wednesday August 26.
