Early Researcher Award (ERA) Information Session

Date

Friday June 19, 2015 9:00am to 11:00am

Location

UC 103

Description

In anticipation of an expected upcoming Early Research Award competition, the Office of Research is hosting an information session for interested applicants. This program helps promising, recently appointed Ontario researchers build their research teams and improve Ontario's ability to attract and retain the best and brightest research talent. The session will include a presentation by Ministry of Research and Innovation personnel, and past review panel members will provide advice and answer questions.
