Health System Research Fund 2016/17 Program Awards Launch Webcast

Date
Monday June 29, 2015 1:30pm to 3:00pm

Description

The Ontario Ministry of Health and Long-Term Care (MOHLTC) is pleased to announce the launch date of the Health System Research Fund (HSRF) Program Awards will be **June 22, 2015**.

MOHLTC will also offer a webcast launch event on **June 29, 2015 from 1:30-3:00 pm,** to provide an overview of current ministry policy priorities, the purpose of the Program Awards, and key features of the Program Awards including strategic priority areas, criteria, and requirements. For further information and to register for the event, please see the HSRF PA Webcast Event brochure.

 The Health System Research Fund (HSRF) Program Awards will provide strategic three-year investments ($0.5-1.5M/yr) to programs of health research and knowledge translation and exchange that focus on identified health system priorities.

The MOHLTC aims to support interdisciplinary research and knowledge translation and exchange programs to improve health services and systems, and to improve population health. Funded programs will address Ontario's health system priorities and will be of the highest standards.

For details including priority areas, competition guidelines, and frequently asked questions, visit the ministry's research funding opportunities website on **June 22, 2015**.
