

Faculty Information Exchange 2014-2015: How to Make Collaborative Research Successful

Date	Location
Wednesday February 11, 2015 12:00pm to 1:00pm	UC 442

Description

Led by Dr. Bev Hale, Professor and Associate Dean Research, Dr. Beth Parker, Director, G360 Centre for Applied Groundwater Research and NSERC IRC, and Dr. Carla Rice, Associate Professor and Canada Research Chair

This seminar will focus on the research programs of three UoG researchers who have demonstrated success in working with their partners in industry, community and government. Each researcher will provide an overview of their research program, focusing on how they engaged their partners and sustained those collaborative relationships. Participants will leave with tips on how to successfully collaborate with partners from the sharing of lessons learned by the session speakers.

No reservation necessary.

All welcome!

For more information contact Patti Minakis, ext. 56943
