

NSERC Discovery Frontiers – Call for Letters of Intent

Sponsor

NSERC

For More Information

Please see further guidelines on [NSERC's website](#) [1]

Description

NSERC is pleased to announce that the latest call for proposals through the Discovery Frontiers (DF) initiative has been launched. This third call for proposals is in the area of New Materials for clean energy and Energy efficiency. Discovery Frontiers grants are initiatives that identify and capitalize on emerging key areas of research and innovation. Discovery Frontiers address national research priorities and global challenges by supporting a number of major new transformative and integrative activities. These initiatives will generate substantial impact from a one-time injection of funding for a defined period, addressing challenges and seizing leadership opportunities in areas of national importance. The DF initiative will bring together groups of researchers and will comprise teams that will generate substantial impact, for the benefit of Canada.

Eligibility

Academic appointments as per [NSERC's eligibility](#) [2]

Funding Availability

One award for \$1M/yr. for 4 years totaling \$4M

Indirect Costs

Not applicable

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

NSERC Discovery Frontiers – Call for Letters of Intent

Published on Research Alerts (<https://www-research.uoguelph.ca/research/alerts>)
