

CIHR – Health, Wellbeing & Extended Working Life - Joint Programming Initiative

For More Information

For more information, please go to the [CIHR](#) [1] website and the [Joint Programming Initiative](#) [2] website.

Description

The objective of this call is to support innovative and interdisciplinary research into the drivers to, and constraints on, extending working life. Research is expected to cross the traditional boundaries of Government departments and occupational sectors and to examine the implications of extending working life for older workers (50+), new labour markets, health, wellbeing and intergenerational equity. Please consult the Joint Programming Initiative “[More Years, Better Lives](#) [2]” (JPI-MYBL) website.
