Program

2015 Occupational Health and Safety (OHS) Futures - Research Funding Program

Description

OHS Futures is a research funding program to help support a better understanding of occupational health and safety issues in Alberta's workplaces. This program will enhance the partnership between the OHS program and experts across our province and Canada to make better policy for the issues of today and the emerging issues of tomorrow.

OHS Futures is accepting research applications for projects to support the prevention of injury, illness and occupational disease in Alberta workplaces. The program is designed to increase the transparency of funding and assist in engaging researchers and other stakeholders in addressing the long term health and safety of Alberta's workers and workplaces.

Research Priority Areas

OHS Futures started in 2014 and is distributing up to \$1 million per year for three years for approved research projects. Results of the 2014 competition are posted on the OHS Futures website: work.alberta.ca/OHSFutures [1].

For the 2015 competition, the OHS Futures research priorities are grouped in two main categories: *Broad OHS Themes* and *Specific Hazards, Health Outcomes, Populations, and Impacts*.

The *Broad OHS Themes* are:

- **Work-Related Surveillance, Data, and Metrics**
- **Programs, Initiatives, and Evaluation**

The *Specific Hazards, Health Outcomes, Populations, and Impacts* are:

- **Work-related Chemical, Biological and/or Physical Hazards**
- **Work-Related Psychological Hazards**
- **Work-Related Health Outcomes**
- **Interest Populations**
- **Economic Impact**

Eligibility

Applicant and/or Co-Applicant:

- cannot be full-time employees of any Government of Alberta Ministries;
- must have the qualifications (e.g. Ph.D or academic appointment at eligible universities) and appropriate expertise;
- must agree to data sharing; and
- must be willing to complete evaluation surveys, provide educational resources in non-technical language and present research findings at two designated meetings.

Deadlines

If College-level review is required, your College will communicate its earlier internal deadlines.

Type	Date	Notes
Internal Deadline	Tuesday, May 19, 2015 - 4:30pm	Please include a signed OR5 form with your submission to Research Services resserv@uoguelph.ca
External Deadline	Monday, June 1, 2015 - 11:45pm	Applications are available as of March 27, 2015. <ul style="list-style-type: none">• Only complete applications will be reviewed.• Complete applications include two components:<ul style="list-style-type: none">◦ An online application [2]; and◦ An Application Supplement [3].• Once you have started your online application, you may save it and

Type	Date	Notes
		<p>return to complete it at a later time via an email link you received.</p> <ul style="list-style-type: none">• Questions can be directed to JSTL.OHSFutures@gov.ab.ca [4].

How to Apply

The application package consists of an online application and application supplement. It is now available on the OHS Futures website: work.alberta.ca/OHSFutures [1].

Pre-submission Consultation

Please let us know if you'd be interested in an information session via teleconference or videoconference, and we could set this up at a time that works best for your research office and the researchers who'd be interested in applying to the funding program and/or want to get more information about OHS Futures 2015.

For Questions, please contact JSTL.OHSFutures@gov.ab.ca [4].
