Program

Pilot Project Grants

For More Information

Please see the sponsor's [website](#) [1] for more information.

Description

Through this initiative, Parkinson Society Canada (PSC) invites grant applications from professionals committed to conducting novel, emerging, or innovative research in areas relevant to the cure, cause, prevention, improved treatment and/or understanding of Parkinson's disease and its implications on society. This program is, therefore, a strategic initiative to encourage established investigators to enter into the study of Parkinson's disease and perform research in new, specifically targeted, high priority areas.
